robertnorm05@gmail.com | Fayetteville, AR | (479) 418-6959

Education

University of Arkansas, Fayetteville

Expected: May 2029

Bachelor of Science in Industrial Engineering

- Primary Program of Study GPA: 3.677

Bentonville High School, Bentonville

May 2024

High School Diploma with High Honors

- GPA: 4.32
- Rank: 20/679

Work Experience

Industrial Engineering Internship

May 2026 to Present

Jurni Design Team, Fayetteville, AR

- Utilized Autodesk products such as Revit, MEP AutoCAD, and Navisworks to design and build a poultry processing facility for Tyson Foods in Springdale AR as large as 350,000 square feet.
- Created a 3D plant walkthrough of this facility using said modeling software.
- Personally scanned an existing facility using a MatterPort device.
- Designed a steel platform estimated to cost over \$500,000

Wastewater Treatment Technician

May-July of 2021 and May-July of 2022

Simmons Prepared Foods, Gentry, AR

- Calculated the total suspended solids with both a spectrophotometer and a vacuum/filter setup.
- Measured nitrogen levels, ammonia levels, oxygen content, chemical oxygen demand, and biological oxygen demand in water samples.
- Adjusted the rate of soap, anionic, and cationic polymers to control the suspended solids in effluent water.
- Logged the status of various water management machinery such as, sludge tanks, sludge augers, influent and effluent pumps, soap and polymer pumps, and Suspended Air Floatation treatment system.

Ammonia Refrigeration Internship

May-July of 2025

Simmons Prepared Foods, Gentry, AR and Southwest City MO

- Analyzed and adapted a new runtime schedule for the compressors of a 50,000 lbs ammonia refrigeration system, saving an estimated \$20,000 a year in energy consumption.
- Created an airflow diagram of the facility to diagnose ambient chemical issues.
- Helped run a full treatment wastewater plant in Southwest City
- Passed the operator 1 ammonia refrigeration exam.
- Helped run the refrigeration system, including routine equipment inspections.

Extracurricular/Volunteer Activities

Tutor, University Chemistry I August to December 2024
University of Arkansas, Fayetteville, AR

- Organize focused study sessions using predeveloped example questions and notes
- Facilitate review sessions for post assignment and exam

Senior Representative, Advisory Council August 2023 to May 2024
Bentonville High School, Bentonville, AR

- Collaborated in formulating new concepts in class advising
- Represented the interests of the senior class to the school board

Awards and Achievements

- Ammonia Operator 1 Certification - 2025
- SolidWorks CAD Design Associate Exam (CSWA) certification - 2025
- AP Scholar with Distinction - 2024
- AR Seal of Biliteracy in Mandarin - 2023
- Arkansas Governor's Scholarship - 2024 - 2025
- Simmons Scholarship - 2024 - 2025
- Arkansas Academic Challenge - 2024 - 2025
- University of Arkansas Chancellor's Scholarship - 2024 - 2025
- University of Arkansas Chancellor's List - 2025
